

CITY OF SPRINGFIELD
INTER-OFFICE MEMORANDUM

ATTENTION OF Memo To File

DATE 5/21/79

DEPARTMENT _____

On this day, the 21st of May at approximately 9:30 A.M. I investigated a complaint from Romera Burch at 801 S. Pickwick. She explained that "raw sewage" had backed up into her basement and was causing a severe health problem. Mrs. Romera had to purchase a sump pump to alleviate the problem, and pumped the water and/or sewage from the basement to the back yard.

She thought that it was, or should be, the city's responsibility to clean-up and disinfect her basement and the backyard as well as remedy the problem. I suggested she consider putting in a back flow valve between her line and the sanitary sewer. I also told her I would relay all information about the situation to my superior (s).

When I returned to the office, I called Bob Schaefer and informed him of the problem.
